2017 Weeds Seminar/Pesticide Applicators Recertification Training

Presented by:

Bonner County Noxious Weeds

and

University of Idaho Extension

Wednesday, April 19, 2017

8:30 am – 12:30 pm

**4205 N. Boyer Avenue Sandpoint, ID
UI Extension Office**

3 Recertification Credits (anticipated)

Agenda

8:30 – Registration, Check-In, Welcome

9:00-10:00 – Turf, Landscape and Greenhouse Weeds

Weed and pest products available and methods for control in turf, landscape and greenhouse environments in homeowner and commercial situations.

Joel Fields, Wilbur-Ellis Company

10:15-11:15 – Aquatic Weeds and Algae

Identification and control of aquatic weeds and algae found in the northwest. Product updates and control techniques will be covered with an emphasis on small scale bodies of water.

Mike Pearce, SePro Corporation

11:30-12:30 – Biological Control of Weeds

Biological control of weeds as part of an IPM approach. Efficacy evaluations of biological agents (insects) on common noxious weeds in northern Idaho, and resources available to the public will be the focus.

Carol Randall, U.S. Forest Service

Recertification Training

Recertification is a program for all individuals who are certified as a private or professional applicator to insure they maintain competence and keep current with changing technology. The recertification period is simultaneous with the licensing period.

Private Applicators are required to obtain stickers totaling 6 credit hours during their licensing period.

Professional Applicators are required to obtain stickers totaling 15 credit hours during the licensing period.

*The stickers are issued by the seminar sponsor at the conclusion of the class

**In compliance with the Americans with Disabilities Act of 1990, those requesting reasonable accommodations need to contact the University of Idaho Extension Office (263-8511) at least one week prior to the class.
