

**PUBLIC SERVICE NOTICE**

**ATTENTION HOME OWNER:** Have you ever wondered if your home has Fire Protection? Check your tax statement to verify that you pay the tax and live inside the limits of a Fire District that provides home fire protection. NOTE: Both IDL, **shown as Forest Assessment & Forest Practices Act on your tax notice**, and USFS fire services primarily protect timber land, not homes.

You can also call the nearest Fire District business phone number listed on the back side of this notice to verify your coverage status.
